STARTING A WASHING CYCLE

1. Load your dishwasher and add detergent to the detergent dispenser

2. Close the dishwasher door and press the Power button, on the control panel, to turn on your dishwasher.

3. Press the Program button to cycle through the various dishwasher programs, to select your desired wash program. The LED will alight alongside the corresponding program selected.

4. Add any additional options to the wash program, including Half Load or Extra Drying.

5. Add any Delay start, if you would like to postpone the wash cycles start by 3, 6 or 9 hours. Simply press the Delay button to cycle through the options.

6. Press the Start/Pause button to start the wash program, using the settings you've selected.

Note: For more information refer to Page 20 of your User Manual.
