

90cm Freestanding Dual Fuel Cooker

FEATURES

10 functions, 115L oven capacity,
Italian made Sabaf brass burners,
Pillar design, Programmable LED timer,
Twin fans for quick pre-heat

Congratulations on your new InAlto 90cm Freestanding Dual Fuel Cooker!

OVEN MODES EXPLAINED

Light: This turns on the two oven lamps.

Bake (Conventional): Heat will come from both the upper and lower elements.

Fan Forced: This uses the central rear heating element and fan to distribute heat evenly.

Fan Bake: This uses the fan along with the upper and lower elements.

Fan Forced Bake: This uses the central rear heating element and fan, combined with the bottom element.

Roast (Fan Grill): Fan combined with the upper element and grill element.

Full Grill: Upper element combined with outer grill element.

Half Grill: The grill heating element by itself.

Pastry Bake + Pizza: The fan circulates heat from the lower element throughout the oven.

Defrost: The oven fan circulates the air at room temperature around the cavity, enabling you to quickly defrost food.
